Sir:

In response to the Office Action dated November 9, 2001 in the above-identified application, please amend the application as follows.

In the Claims: Cancel claims 13-21, without prejudicing applicant's right to purse these claims in a divisional application, and replace claims 1 and 9 with the following rewritten claims. A separate page showing the amendment is attached and entitled "version with markings to show changes made,"

1. (Twice Amended) A method of administering a therapeutic agent to a multi-drug

resistant cell expressing P-glycoprotein, comprising

preparing a conjugate composed of (i) a carrier; (ii) a folate ligand attached to the carrier; and (iii) a therapeutic agent associated with the carrier; and

administering the conjugate to a subject;
